To: [Hetzl, Allison](#)

Dear Mrs. Hetzel,

I got the opportunity to watch you perform Thursday night as Toni in appropriate. I just want to say I was truly moved by the performance and am so proud to say you were my teacher and will again be my Acting 3 teacher in the spring. Remembering all the technique you taught me and watching you use them yourself was incredible. Also While I was watching you perform I personally connected with you because you reminded me of an individual in my life who acts the same way and it changed the whole show for me because it was real. We talked in person about it and how you approached the character and all the steps you took to take on this challenge and how much work it truly takes. Everything you have taught me and have seen you use I will try to work that way when I perform. I am also thankful for you helping me relax before my callbacks and telling me to stand out and I did everything you said and am now the understudy for John in Eccentricities of a Nightingale. I have you to thank for that and can't wait to hopefully see you do another show.

Thanks for everything, John
