

Allison,

I just wanted to thank you for all your help in my job search. I was told upon being hired that my references were outstanding and I know you had a lot to do with that. You fought as hard for me as I did and that kind of support from a teacher is hard to come by, and you have my upmost appreciation for that.

Also, your Careers in Professional Theatre Class is what prepared me most for landing my current job. The work and time you put into helping us with our Curriculum Vitae's was a success and I can honestly say that I would have in no way been ready to apply for teaching jobs if I had not had to do the prep work in your class. Because we were required to apply for a teaching job for class credit, I was prepared to apply for other teaching jobs as well. This preparation is what got me an interview at Northwest Community College. I was confident going into my interview, knowing that I have been given the tools to solidly answer tough questions while still being myself. The mock interviews that you set up for us were a great asset to the class as well as to me, the student. Through this job hunting experience the advice and skills you passed down to me are what gave me the confidence I needed to succeed. Thank you so much for the last three years and I hope the new graduate students will have the same experience at UA as I did.

With Gratitude,

Sadie Magadanz
